- NAFSA: Association of International Educators

ELITE OPEN SCHOOL

ELITE OPEN SCHOOL

ABOUT

Elite Open School (EOS) is a private international school with an American curriculum, and is a part of the Elite Educational Group—a globally recognized leader in education with 30 years of experience. EOS recognizes that the educational landscape is changing, and that families are looking for options that are both personalized and flexible. Learning Resource Center (LRC) Tokyo is a branch location of EOS, and is located in a private setting in Daikanyama. EOS LRC Tokyo offers 1. a full time international school program, and 2. college preparatory services for those who already attend other local and international schools.

EOS LRC Tokyo follows the strict standards of University of California (UC)-approval, and its teaching and learning methods, education standards, and curriculum deliver the most effective and efficient middle and high school academic experience. EOS ensures thorough college preparation backed by years of experience from Elite Education Group, freeing up instructional hours for the pursuit of more specialized subjects and passions. At EOS, students will take courses that are:

- WASC and Cognia (formerly AdvancED) accredited
- Not offered or available at local schools
- UC and College Board approved

BLENDED LEARNING

Our unique blended learning strategy allows students to gain the most from both traditional in-person learning and from cutting-edge digital curricula. Students can maximize learning benefits through the guidance of onsite teachers to complete the coursework with high qualities, never being left alone on their own. Live instruction within dynamic learning environments are goal-oriented towards individual dreams and experiences, and EOS continues to prove the best outcome of the classical and the digital curricula.

EOS IN A NUTSHELL

- PRIVATE INTERNATIONAL SCHOOL
- DIGITAL CURRICULUM + BLENDED LEARNING
- PERSONALIZED ACADEMIC FOCUS
- ADAPTIVE AND FLEXIBLE PACING
- TECHNOLOGY-DRIVEN EDUCATION

HIGH SCHOOL

EOS high school graduation pathway fulfills all of the A-G requirements set forth by the University of California (UC). EOS curriculum has been tested and proven to operate at and beyond the highest standards of educational excellence, standards, and best practices for students and their families who entrust us with their academic futures.

BROOKS DOUGLASS SCHOLAR PROGRAM

EOS has curated The Brooks Douglass Scholar Program where high school students can show their academic potential and see just how far their skills and pathways of college and career can go. For high school students looking to challenge themselves throughout all aspects of their education, EOS is proud to offer the transformative *Minerva Baccalaureate* and *Dual Diploma* Programs.

Minerva Baccalaureate — Proven principles pioneered by Minerva Schools

The Minerva Baccalaureate is an accelerated, blended-learning program that teaches students essential skills across core subjects. This transformative high school experience available to 9th & 10th graders not only integrates structured, personalized learning, but also engages teacher-led classes with peers, offering the advantages of both individualized and fully active learning methodologies.

Dual Diploma — Earn a High School Diploma + Associate of Arts Degree

EOS students who wish to challenge themselves from the start of high school with college level coursework can culminate their high school curriculum plus a college-level course load. Graduates receive a high school diploma as well as an Associate of Arts degree — 2 years worth of college credits. Students will be eligible for double majors in college, advanced program admissions, or an early college graduation.
