

Summer 2026

# Elite SAT Boot Camp

## Now With UC Honors Credit

For students targeting Fall 2026 or Spring 2027 U.S. university admissions, or competitive English-based university programs in Japan, this summer represents a critical academic advantage.

Students prepare intensively for the SAT while earning official UC-approved Honors elective credit (in one integrated academic program).

Our [Honors Advanced Academic Literacy](#) course combines structured SAT Reading, Writing, and Math preparation with college-level critical thinking and formal logic. Students complete full-length simulations, structured error analysis, and analytical writing aligned with honors-level academic standards.

### Program Schedule

- June 15 - August 21
- Mondays - Fridays
- 8:00 am - 12:00 pm

### Program Advantages

- Intensive SAT preparation
- UC A-G Honors credit
- University-level rigor

This is not simply test preparation; it is strategic academic positioning.

As the inaugural launch of this Honors-integrated program, enrollment will be limited to a select founding cohort.

*Early Bird Registration opens in March. Priority placement will be offered to early applicants.*

Schedule a free diagnostic test and consultation to learn more and secure your place.
